Work Experience

Bench Mechanic

Liburdi Turbine Services - Mooresville, NC

January 2020 to Present

I'm a blender and a welder in training, I take turbine parts and blend welds down and prep cracks for weld and I also grit blast coating off of parts and sometimes weld the cracks that I prep out back up.

Milling Machine Operator

GRANITE CONTRACTING - Cornelius, NC

April 2019 to January 2020

I operated lots of equipment and milled old roads up and helped repave them.

Package Handler

United Partial Service - Statesville, NC

May 2017 to August 2018

I loaded trailers for UPS for quite a while. I eventually moved up to sorting smaller packages at a fast pace during the day. Mainly all I did was load trailers and sort packages to their destination. And I also parked the vehicles at the end of the day.
